

**DECLARATION OF  
CONFORMITY REACH**

DCL001

REV.19

04/09/2024

Under the REACH regulation, BONOMI INDUSTRIES SRL qualifies as a “downstream user” and, in accordance with the regulation, is not subject to pre-registration / registration requirements for the substances used in the production process. BONOMI INDUSTRIES SRL carries out all the activities required to comply with the applicable provisions of the REACH Regulation, in particular it communicates with the suppliers to verify that the substances used are pre-recorded / registered by importers and producers.

**SVHC Substances**

BONOMI INDUSTRIES SRL declares that in its products there is a presence of the following substance, indicated in the XIV REACH annex updated on June 27, 2024 in a quantity higher than 0,1% w/w.

Substance	% w/w	CAS/EC	List	Inclusion date
Lead	0,1 ÷ 2,2    Standard valves	CAS: 7439-92-1 / EC: 231-100-4	SVHC	27 June 2018
	0,1 ÷ 0,25    Low lead valves			

This substance does not increase the risk of our products.

**Substances subject to authorization**

Chromium trioxide

BONOMI INDUSTRIES SRL does not directly use any substance subject to authorization, however, in the chrome plating treatment our suppliers use chromium trioxide.

With EU Regulation No.348 / 2013, chromium trioxide was included in Annex XIV of the REACH Regulation (substances subject to authorization).

Since 21/09/17, the use of such material is permitted only to those who source from the companies represented by the CTACSub consortium or have their own authorization for the uses specified in the application.

BONOMI INDUSTRIES SRL has verified that its suppliers (ID2402006) comply with these conditions.
