

Declaration of SCIP notification

DCL041 ·

REV.4

29/02/2024

As required to Directive (EU) 2018/851 art.9 e Regulation (CE) n.1907/2006 art.33 companies supplying articles containing substances of very high concern (SVHCs) on the candidate list in a concentration above 0.1% weight by weight (w/w) on the EU market have to submit information on these articles to ECHA. The SCIP database ensures that the information on articles containing Candidate List substances is available throughout the whole lifecycle of products and materials, including the waste stage. The information in the database is then made available to waste operator and consumers.

Bonomi Industries has identified its products, registering them as listed below:
